AM Beautiful offers a full range of beauty services including advanced aesthetic skin treatments that work to enhance, rejuvenate and restore your skin's natural radiance.

Each of our treatments has been selected for its efficacy. We offer the latest **IPL technology** for permanent hair reduction as well as for the treatment of sun damage, pigmentation, redness and broken capillaries. **Dermaquest Advanced Skin Therapy** is a results-driven prescription range of facials, peels, resurfacers and home care. We recommend the **Firmslim Lipo System** to tighten the skin on the face and body, and to reduce fat and cellulite.

All of our practitioners are experts in their field. **Injectable line relaxing and filling treatments** are available from Dr Anna Puri of the Cosmetic Clinic UK while **Permanent Makeup** is offered by our in-house specialist and includes eyebrow, eyelash and lip enhancement.

We are proud to stock professional ranges that include **Youngblood Mineral Makeup, Dermaquest** and **Dermalogica** skin care, and **Fake Bake** spray tanning. We offer manicures and pedicures by **Jessica**, soak-off colour gels by **Gelish** and acrylic nail enhancements by **Nail Harmony**. We also work with **LVL** lash extensions and **Nouveau Contour** permanent cosmetics.

Our highly qualified and experienced practitioners offer **free consultations** and advice. All treatment plans are individually assessed and planned.

“ I am sitting here looking at my new set of acrylic nails that I have just had sculpted at AM Beautiful using the new Harmony products and they look beautiful. Left to my own devices my own nails are small, soft and look best with a pair of gloves on! Now I cannot stop gesticulating, flashing and showing everyone my new talons.”
